The reason for such refusal or cancellation shall in every case be placed upon record by the District Forest Officer and submitted for the approval of the Collector.

(5) Every application for the registration of property mark in respect of samehold, other than that surrendered from private lands within the area specified in rule 8 shall be accompanied by two branches of the mark proposed.

Secretary.

L. 2.

#### MINISTRY OF AGRICULTURE AND FISHERIES.

##### FOOT-AND-MOUTH DISEASE.

#### Importation of Meat, etc. (Wrapping Materials) Order of 1932.

The Ministry has ascertained that it is the practice at the present time to use the cloth in which such meat has been wrapped when imported into this country from abroad for the purpose of making foot-and-mouth disease. Such foot-and-mouth disease is packed in bags or made from wool or washable and distributed. Many millions of these infected wool wrappers are used annually for this purpose. The Ministry is desirous that in the event of the meat so wrapped being that of an animal which was affected with foot-and-mouth disease, it is possible for the infection to be retained by the wrapper after being made into bags and for the disease to be conveyed by this means to the farm where the bag is used. The waste from horticultural products after their use in the soil is sold and distributed by the bags will be the means of infecting animals. In these circumstances the Ministry of Agriculture and Fisheries considers it necessary that steps should be taken to prevent the use of these wrappers for the making of bags which will be used for containing any of the horticultural products and thus to eliminate this possible source through which the infection of foot-and-mouth disease may be brought into contact with farm animals in Great Britain.

With this object in view the Minister has made an Order entitled "The Importation of Meat, etc. (Woollying Materials) Order of 1922." The Order contains four main provisions, namely:—

(1) The Order prohibits the landing in Great Britain from a "prohibited country" of meat and offals, if packed or "woolled" in any cloth, bag, sack or like material not being bags or wrappings wholly made of:—

(a) Jute, hemp, flax, or other cloth manufactured with those odd threads woven together at intervals of 12 inches in the warp; or

(b) Sisal hemp; or

(c) Paper.

A "prohibited country" means any country outside Great Britain, except, Northern Ireland, the Irish Free State, Channel Islands, Isle of Man, Australia, New Zealand, Canada, Union of South Africa (excluding the Northern Territory of South-West Africa), the United States, Iceland and the Faroe Islands. Thus the prohibition does not apply to the packing of meat and offals imported from those exempted countries, which are free from foot-and-mouth disease.

It will be understood that neither stockinette nor paper is suitable for the making of bags, and the object of prescribing a particular pattern of cloth is to ensure that the woollying material used is so strong that it shall be suitably resistant in all the trades concerned in the packing and distribution of feeding stuffs for animals, fertilizers, and horticultural produce, is one of the further purposes of the Order mentioned below.

(2) The Order prohibits the landing in Great Britain of any feeding stuffs for animals, fertilizers, or any horticultural produce packed in bags, sacks, or other receptacles wholly or partly made from any of the red striped material referred to in (a) of the preceding paragraph, or in bags or other receptacles in the manufacture of which wool wrappings of any material whatsoever have been used.

(3) The Order renders it unlawful:—

(a) to pack in Great Britain,

(b) to carry by railway, water, road or air in Great Britain; or

(c) to sell or offer for sale in Great Britain, any feeding stuffs for animals, or any material intended for use as bedding for animals (including straw, seaweed, peat moss, or other litter), or any fertilizer or horticultural produce, in any such or receptacle wholly or partly made from the red striped material referred to in the above paragraphs (a) (c).

(4) The Order also prohibits the feeding to animals, or the use as bedding for animals, of any such feeding stuffs or materials which have been packed or contained in any such sack or receptacle, that is wholly or partly made from the red striped material referred to in the above paragraphs (a) (c).

For the above purposes, the terms used in the Order have the following meanings:—

"Animals" includes cattle, sheep, pigs, goats, horses, asses, mules, birds, ducks, geese, turkeys, guinea fowls and pigeons.

"Feeding stuffs for animals" means any feeding stuffs, including wheat, barley, oats, maize and other grains, beans, peas, daff, molasses, offals, straw, chaff, lupines, guinea, dried sugar beet pulp and chaff, intended for feeding to animals or capable of conversion after appropriate treatment into food for feeding to animals.

"Fertilizers" means any article used as a fertilizer of the soil and includes both simple compound fertilizers, fish guano and fish manure, animal by-products containing bones, heads, horns, or blood, lime and lime products, potassium salts, nitrate of soda, raw phosphate or phosphate rock

The Order comes into full operation on the 1st November 1922.

It should be noted that the Order does not in any way interfere with the provisions of the Importation of Carcasses (Prohibition) Order of 1922, or its amending Order, which rules will prohibit the importation of fresh carcasses from Europe.

The object of the new Order, as already indicated, is to reduce the risk of the introduction and spread of foot and mouth disease, animals of which not only involve the Government in expense but also cause heavy losses to farmers and others concerned with the Agricultural industry. It is, therefore, incumbent upon all who are engaged in the importation of meat or in the importation, packing and distribution of feeding stuffs, fertilizers, and horticultural produce to co-operate with the Ministry to ensure that the provisions of the new Order are strictly complied with.

In the case of persons mentioned in rule 2 (a) and (c) the fee must be paid into a Government treasury of the taluk in which the shop is situated or in an authorized village munsif in the same taluk, and the revenue collector should affix a decree in the application to the effect that they have obtained a license permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be marked. The procedure for the marking of trees in British territory for toddy shops in the Civil and Military Station, Bangalore, will be similar to that laid down for the marking of trees in British territory for Mysore shops.

(2) Applications for tree tapping licenses in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in towns adjoining the Mysore territory will also be allowed to tap trees in Mysore and the Civil and Military Station, Bangalore, for the supply of toddy to their shops or payment of the whole of the tree-tax in one instalment into the British treasuries of the Madras Government and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of licensees or shopkeepers in the other do not prevent the reservation of trees or any specified area in the Madras Presidency or in Mysore with a view to afford such therein as for other sufficient reasons and the same payment of tree tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. (1) Toddy shopkeepers in British territory adjoining the Rangoon State will be allowed to tap trees in the State on payment of tree-tax into the Kalkunda Sub Treasury, the rate being the same as in the Karamol district. Toddy shopkeepers in Rangoon State will be allowed to tap trees in the adjoining British territory on payment of tree-tax in the treasury of the taluk in which the trees stand. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

(2) Toddy shopkeepers in British territory adjoining Cochin State may be allowed to tap trees in that State on payment of full tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

A Cochin State munsif applying for trees in British territory must pay full tree-tax in one instalment at the higher of the rates prevailing on both sides of the frontier, into a British treasury, and present to the British Talukdar or

Deputy Collector concerned an application which must be certified or countersigned by the Circle Inspector of the division within whose jurisdiction the shop is situated. The District Circle Inspector in whom the application is forwarded shall have discretion to refuse to comply with an application either wholly or in part. The currency of the licenses and permits issued by the District Circle Inspector shall correspond with the periods for which licenses for tapping are granted under the tree-tapping rules in force in the Ceylon State. The licenses and permits issued in the State center by the District Inspector shall be liable to suspension or cancellation at the request of the Ceylon State Forest officer.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licenses. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the West Godavari district, in the Rayachoti and Rayachoti blocks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of toddy shall, as far as possible, be in separate trees or blocks.

9. Collection may, from time to time, prescribe the maximum number of trees to be allowed in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree until the tree has been marked by the proper officer.

11. For palm-trees and date trees in the Presidency and the Madras (Madras) States in South Madras, tree-tapping licenses shall be annual, that is, in force from 1st October of any subsequent date to the 30th September immediately following, and for coconut and mango trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been already tapped, on which the half tree-tax may be levied.

The Government will not, however, after acceptance of a contract, pay any extra charges for land or for any other reason, on more the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of surcharges, tolls, etc.

Date of commencement of this programme will be the date on which the site (or programme) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on estimated lump-sum amount).
Three months, i.e., from November 1932 to Feb. 1933.	50 per cent. of work completed.
Six months, i.e., from March 1933 to Aug. 1933.	100 per cent. of work completed.

16. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall tenderer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

17. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenderers must be received in order, and according to instructions.

18. The Executive Engineer or other controlling authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

19. The programme of work in clause 15 above is based on the assumption that the contractor will be given possession of the position on 1st

November 1932 or earlier. If permission be given at a later date, the programme will be modified as decided by the Executive Engineer in suit the working season in the locality, and the decision of the Executive Engineer, Western Eastern Division in the matter will be final.
